Reading

Read the following passage then answer the questions.

Animals talk to people in different ways and some people learn to understand. Koko is a very intelligent gorilla. She lives with some scientists in the United States. She knows about one thousand signs and she understands about two thousand words in English. Many animals, like dogs, cats and elephants, make a noise to communicate and some animals communicate over a long distance. Whales make a sound like singing and the noise travels hundreds of kilometers under the sea to other whales. Some animals communicate in other ways. Bees dance when **they** find food. Then other bees know what direction to go in.

(A) Answer the following questions.

1. How many signs does Koko know?

.....

2. Why do bees dance ?

.....

(B) Tick true (✓) or false (x).

1. Some animals can talk to people. ()
